### Distributing the Gifts.

Should one wishing something more original than Christmas gifts awkwardly thrust into one's hands by the giver; should the time honored stocking pull, there are several new ways that may cause excitement in present distribution.

Some member of the family or one of the maids can enter the breakfast room, where the table is prettily decorated with greens, but no gifts are displayed. She should be heavily veiled, dressed in a long raincoat and carry two or three cotton umbrellas furled.

Her appearance will excite surprise, particularly if the sun shines. She will insist that its going to rain and try to get her umbrellas raised.

Some of the children will offer to assist and from the umbrella will fall the packages, gaily tied and clearly addressed. Anything that may suffer from a tumble should be tied to the ribs.

In one household the large family has decided that each person shall hunt up some novel way of gift presentation. No one will know what the other has selected, but the element of surprise will be emphasized.

A mother who wishes to avoid confusion at the breakfast table has decided that no presentation should be made then. The family will be asked to put their various presents in a certain room on Christmas eve. All are neatly tied and addressed. No one but mother knows what is to become of them.

At close of breakfast the next morning—Christmas—the door bell rings and the maid brings in an immediate delivery letter. This is gaily decorated with the season's stamps and seals.

When opened it is found to be a letter from Santa Claus, saying that his pack was too heavy so he has forwarded by express all his gifts. In a few minutes a huge box is delivered in the kitchen which when opened is found to contain packages addressed to each one.

Another easier way is to pass a tray covered with a number of small keys with red ribbon and a Christmas tag attached. On the tag is written the child's name and the information that somewhere in the house is concealed a bag the key will open.

Then begins a hunt into all sorts of out of the way places to find great bags of turkey red muslin, draped with greens and fastened at the top with a padlock. Each bag holds the gifts for one member of the family.

## CURIOUS BITS OF HISTORY

SOME WILD-CAT RAILROAD-ING.

By A. W. MACY.

Some remarkable railroads were built in this country—on paper—during the years 1836-1840. One of the most ambitious was "The Great Western Railroad," projected to run from New York city to Lake Erie, and thence westward to the Mississippi river, a distance of about 1050 miles. It was to be built on piling, and the total cost was estimated at \$15,000,000. Great enthusiasm prevailed, and much excitement. Lands were received for subscriptions at extravagant prices. Cities were staked out at various points along the proposed route. Some people even feared that all the land adjacent to the road would be occupied by cities and none be left for farming purposes. Numerous other roads were projected to the north and to the south, to connect with this great trunk line, and "terminal cities" of magnificent proportions were laid out. One state legislature (Illinois) planned the construction of 1,300 miles of "state railroad," to cost over a billion dollars. More than \$8,000,000 were actually appropriated for internal improvements, and when Governor Ford took office in 1842 there was hardly enough unappropriated money in the state treasury to buy a postage stamp.

## WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively-modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.,—take the advice received and be well.

### Western Union vs. L. & N.

The Western Union Telegraph Company filed suit in Louisville Thursday against the Louisville and Nashville railroad to condemn a right of way of its own over the right of way of the railroad on all of its lines in the State of Kentucky.

A contract which had been in force between the Louisville and Nashville and the Western Union for the past twenty-seven years was terminated last August, when the telegraph company served notice on the railroad company that it would a year hence, or on August 17, 1912, institute proceedings to build its own lines on the defendant's right of way, regardless of the mutual agreement which had existed in the past.

The petition of the Telegraph Company states that it has failed to reach an agreement with the Louisville and Nashville Railroad Company regarding what shall be proper compensation for an exclusive right of way along the tracks of the defendant's road, and that it now stands ready to pay the company such just and reasonable compensation as may be decreed by the court.

The telegraph company asks that an order be entered condemning the use of so much of the right of way of the railroad company as is now occupied by the plaintiff with its wires and poles and so much of it as may be necessary for the construction, maintenance and operation of the telegraph lines along the tracks of the railroad company in Kentucky.

The right of way which is sought to be gained by the Western Union Telegraph Company embraces 1,574 miles of pole lines. It is stated expressly that the telegraph company does not seek to become an owner, in fee in any of the land condemned, but merely wishes an easement over the railroad's right of way without the obligation of a mutual contract, as has previously existed.

### Thinks Blue Grass Would Prosper.

Fred Turleyville, in the Indianapolis Sun, has the following to say of the Blue Grass League:

"The Blue Grass League centers about Louisville and Cincinnati, and of clubs are placed in Louisville, Newport and Covington it will give a big boost to the famous little circuit from the bluegrass fields. Grayson of Louisville, is looking for a good farm right in the city, and also a money making one at the same time.

"It doesn't take very many hundred to support Blue Grass ball, and even if the attendance is small compared to the A. A. ball, it may be a relief to go out in Louisville and see a real 'winner' when the Colonels are away from home. The Minny league has played the hot air circuit every year on entering Minneapolis and St. Paul, but we haven't seen any results so far. The Blue Grass invasion looks best from this angle."

The Frankfort Journal says: "If the Bluegrass League is to continue to exist some way to strengthen the financial end must be found. The addition of Louisville and Covington to the circuit would give all the clubs in the league more money as the patronage in the large cities ought to be better than in any town now in the league. Baseball lovers in Frankfort will 'pull' for the new clubs to be admitted."

### Red Cross Seal is Not Mere Sentiment.

Do not forget the Red Cross Seals in your Christmas hurry. Buy a big strip of them at once, and put them on every letter and every package. Do not hesitate to put two instead of one if you are so minded, of each stamp that is used stands for an advance in the fight against humanity's greatest enemy, tuberculosis.

This is not a mere sentiment. It is not a decorative scheme. The money that is spent for these seals does not go into a large general fund for prosecuting the Red Cross charities. It has a specific purpose, to permit the waging of war against a disease that is preventable, but that prevails today because of ignorance and poverty. The pennies of millions of people will make the way easier in this campaign for health. They could not be put to better use. This is a practical constructive charity.

It is important that every one who buys a Red Cross stamp and uses it should appreciate its object, for in this fight against the white plague the vitally essential thing is to convince the people that tuberculosis can be conquered, that it is communicable and therefore preventable.

Every stamp sold should mean the arresting of at least one person's attention to the danger and the opportunity to meet it which the Red Cross crusade affords. It should not be interpreted as a personal token of esteem, but as a message of admonition and reminder that a vitally important work is under way, and that the help of everybody is required to carry it to success.

The relatives of the Rev. James C. At both services Sunday the choir will render a special musical program. The morning program is as follows:

Christmas Anthem—"Joy to the World"—Marzo.

At night the choir will render:

Christmas Hymn—"O, Holy Night"—Adam.

"Gloria"—Blumenstein.

—The following notice is being sent out to members of the Episcopal Church in this, the Lexington Diocese: "A layman of our Diocese, who wishes his name withheld, has most generously given the sum of \$1,000 toward paying the indebtedness of \$5,000 now resting upon the Diocese. He expressed the hope that this gift (one-fifth of the entire sum) would encourage us to a strong effort to clean up the debt.

"The Special Council has already ordered a mortgage to be placed on valuable property to secure this debt. The papers have not yet been drawn, and numbers of our people are praying they need not be.

"God has sent us the opportunity in this unexpected and most generous action. Shall we not meet our unnamed brother in his own spirit, and upon Christmas Day, as a most seasonable thank-offering, offer to God the Church within this Diocese, freed from debt and unencumbered in its work of preaching the Gospel of peace on earth, good will to men?"

"I am enclosing a subscription blank and trust you will respond as God has blessed you, remembering the words of the Lord Jesus, how He said, 'It is more blessed to give than receive.' Make this Christmas gift payable to suit your convenience. We trust every Churchman will make some offering.

"Your brother in Christ,  
J. M. MAXON,  
Financial Secretary, Versailles, Ky."

## "Shoot the Bull."

A Lexington man gives a graphic description to a Lexington paper as to how he killed a bear in Estill county with a pair of brass knucks, in part as follows:

"I grasped him about the neck with my left hand and struck him several rapid blows upon the head, stunning him quickly and thereafter braining him. The bear weighed 237 pounds. The pelt I am going to have made into a rug and some of the meat will be eat here by a number of my friends at a dinner next evening."

Its lucky he came from Lexington otherwise he may not have had the knucks. It's a big story, but coming from Lexington, we guess it's all right.

## Shortest Day of the Year.

Yesterday was the shortest day in the year, the sun in its apparent journey southward having reached the tropic of Capricorn, and marking the beginning of the winter solstice, which is the beginning of winter, according to the calendar. The sun will now turn northwardly again, gradually bringing longer days and shorter nights. On March 21 it will reach the equator marking the spring equinox, when the day and night will be of equal length.

ALL DRUGGISTS

## The Onlooker

By WILBUR D. NESBIT

I cannot wear the old things I wore a year ago. Though they are just as good as new And once became me so. I have not changed the least bit Nor grown in any way. But if I wore a last year's style What would my friends all say?

I cannot wear the old dress That was so swell last fall. It is not worn the slightest bit But will not do at all. Why, if I walked down street in it I could not then endure The knowledge that all of our friends Would say we had grown poor.

I cannot wear the old hat I put away last spring. Although it shows no signs of wear And is a lovely thing. It breaks my heart to think of all The costly stuff it bears But it is not at all the shape That everybody wears.

I cannot wear the old coat, Nor wear my last year's fur— And though I sadly cast them off My heart with rapture stirs. I've got to buy expensive things— And women's clothes are dear— I think, though, I'll have twice as much To bid good-bye next year.

### FALL HINTS FOR MEN.

Trousers are made with permanent cuffs. The cuffs are sewed right onto the bottom of the legs. Small change may be readily concealed in the cuffs.

The tailors still put five or six pockets in coats, and then when the garment loses its shape blame you for carrying so much in the pockets.

For men whose adam's apples rise and fall when they speak, sing or swallow, collars with spring wings are offered. The wings accommodate themselves to the motion of the adam's apple.

Fuzzy hats are again popular. The fuzzy hat should be shampooed once a week and given a hair trim every fortnight. Some men have a fad of pompadouring the fur on the hat. Others wear them curly. It is announced that switches will soon be introduced for hats that are becoming bald.

The lower price for furs indicates that the Uncle Tom's Cabin overcoat will have more of a vogue than ever this season.

### TOO GREAT A STRAIN.

"Where's the eggs?" "What eggs, ma?" "The eggs I sent you for. Didn't I tell you to get a dozen and not to forget to hurry back?" "Well, ma, I tried so hard to remember to hurry back that I forgot the eggs."

Economical Damsel. He begged for a lock of her hair. He vowed he would cherish the strand. He asked but this boon of his fair, And held out a tremulous hand.

"Ah, no," she replied, "your request is more than I feel I can grant. It may just as well be confessed My hair costs so much that I can't."

A Tip for Father. "Yes Willie," said the affable uncle, "the rainbow means that there will not be any more rain." "Is that true?" asked Willie. "I must run home and tell papa. I heard him say he intended to invest in an umbrella factory."

Hadn't Noticed It. "Had you noticed, Miss Plopp that you hadn't noticed me several times lately when we met?" "No. I simply haven't noticed you."

## LAXATIVE SENT FREE TO TRY

It may be taken for granted that there is no family that does not sometime need a laxative. If you don't know of a good laxative, or the laxative you are using is losing its effect, we want to call your attention to Dr. Caldwell's Syrup Pepsin, which thousands of families are using successfully.

We have scores of letters from mothers, and scores from prominent men saying they are using it personally and giving it to their families, men like Mr. C. K. Smith of the Traffic Clearing House, Pine Bluff, Ark., and Mr. George B. Turner, a lawyer of Harlan, Ky. The thousands of mothers who use it themselves and give it to their children would take too much space to mention.

The reason they prefer Syrup Pepsin is that it is a mild, gentle laxative.

It is a tonic that does not gripe—effective and yet so mild that babies can take it. Its tonic ingredients invigorate the body and strengthen the stomach and bowel muscles so that they again do their work naturally. If you have been a victim of salts, pills and strong cathartics you will discard them when you once use Syrup Pepsin.

You can buy a fifty cent or one dollar bottle of any druggist, but before doing so you may want to try it free. If so, send your address to Dr. Caldwell and he will promptly forward a free sample bottle. Then, being convinced, do as others are doing and buy it in the regular way of your favorite druggist.

For the free sample address Dr. W. B. Caldwell, 402 Caldwell building, Monticello, Ill.

## Germs Spread in Skin

Eczema, Psoriasis and other skin troubles are caused by myriads of germs at work in the skin. Unless these germs are promptly destroyed they rapidly multiply, gnawing their way deep into the sensitive tissue. This is what causes that awful itch, and what seemed a mere rash may grow worse and develop into a loathsome and torturing skin disease with its years of misery.

Don't take any chances! Destroy the germs at the beginning of the trouble with that soothing and cleansing wash, the D. D. D. Prescription for Eczema. A 25c bottle will prove this to you.

We have had experience with many remedies for skin trouble but have never seen such remarkable cures as those from D. D. D. Prescription. Instant relief from the very first application.

We are so confident that D. D. D. will reach your case that it will cost you nothing if the very first full size bottle fails to make good every claim. If you have skin trouble of any kind, we certainly advise you to drop in and investigate the merits of D. D. D. anyway. We know that D. D. D. will help you.

G. S. Varden & Son.

### ITCH! ITCH! ITCH!

Scratch and rub—rub and scratch—until you feel as if you could almost tear the burning skin from your body—until it seems as if you could no longer endure these endless days of awful torture—those terrible nights of sleepless agony.

Then—a few drops of D. D. D., the famous Eczema Specific and, Oh! what relief! The itch gone instantly! Comfort and rest at last!

D. D. D. is a simple external wash that cleanses and heals the inflamed skin as nothing else can. A recognized specific for Eczema, Psoriasis, Salt Rheum or any other skin trouble.

We can give you a full size bottle of the genuine D. D. D. remedy for \$1.00 and if the very first bottle fails to give relief it will not cost you a cent.

We also can give you a sample bottle for 25 cents. Why suffer another day when you can get D. D. D.?

G. S. Varden & Son.

No Sale.  
Mrs. Irving—"You didn't buy that Oriental rug after all, did you?" Mrs. Cline—"No, we took a friend of George's to see it and he said that while it was a genuine Bokhara, beautifully woven and all that, it wouldn't last more than a hundred years, so we decided to look farther."

Saving Postage Stamps.  
When postage stamps stick to paper, never soak them in hot water. Instead, lay a piece of paper on top and pass over them with a hot iron. This will loosen the stamps and yet not remove the gum on the back.

Must Fight Them Off.  
As soon as a man becomes rich he finds it necessary to have himself surrounded by a guard whose duty it is to repulse the people who wish to make him richer.

It Startled the World.  
When the astounding claims were first made for Bucklen's Arnica Salve but forty years of wonderful cures have proved them true, and everywhere it is now known as the best salve on earth for burns, boils, scalds, sores, cuts, bruises, sprains, swellings, eczema, chapped hands, fever sores and piles. Only 25c at Oberdorfer's.

### ASHAMED OF HER FACE

"I was ashamed of my face," writes Miss Pickard of North Carolina. "It was all full of pimples and scars, but after using D. D. D. Prescription for Eczema I can say that now there is no sign of that Eczema and that was three years ago."

This is but one of thousands of cases in which D. D. D. has simply washed away the skin trouble. D. D. D. cleanses the skin of the germs of Eczema, Psoriasis and other serious skin diseases; stops the itch instantly, and when used with D. D. D. soap the cures seem to be permanent. Nothing like D. D. D. for the complexion.

Trial bottle 25 cents, enough to prove the merit of this wonderful remedy. We can also give you a full size bottle for \$1.00 on our absolute guarantee that if this very first bottle fails to give you relief it will cost you nothing.

### Resolutions.

RESOLUTIONS ON THE DEATH OF HENRY FRENCH.

Rathbone Lodge, Knights of Pythias, at its meeting Thursday night, adopted the following resolutions:

To the officers and members of Rathbone Lodge, No. 12, Knights of Pythias:

Dear Brethren:—Henry French's life is ended. His connection with this Lodge has been severed by death, and no more will we welcome him in our Castle Hall. His career as a Pythian is now completed; the story of his labors has been told. Cut short in the fullness of a splendid manhood, we mourn for our brother and are deeply grieved because of his untimely and tragic death. It behooves this Lodge to enter on record an expression of its sympathy; therefore be it

Resolved, That the members of Rathbone Lodge, No. 12, K. of P., while acquiescing in the will of a divine Providence, deplore his death, and express their heartfelt sympathy for his grief stricken wife and sorrowing friends.

That we esteem him as an upright citizen; a loyal Pythian and an exemplar of Pythian principles.

That a copy of this document be placed on our records, a copy mailed to the wife of our deceased brother, and our Hall be draped in mourning for a period of thirty days, as a mark of respect to his memory.
